**Art Curriculum Goals**

1. The art program will be based on the "Illinois Standards Curriculum for the Fine Arts".
2. Students will experiment with many mediums and dimensions while creating works of art.
3. While working in the different mediums, the students will learn to think creatively.
4. Students will understand the Principles and Elements of Art that they incorporate in their artwork.
5. Students will be introduced to art appreciation so that they have a better understanding of why they are creating a specific piece of artwork, a sense of history and a sense of other cultures.
6. Students will explore other cultural arts and crafts while creating their art projects.
7. The students will experience a project where they must learn to work in a group setting.
8. Students will create cross-curricular artwork.
9. The students will learn the importance of good craftsmanship.
- 10 The students will learn how to prepare their artwork for display.
